- B. Any tentative agreement which is reached between the respective parties is subject to ratification by the full Board and the Association.
- C. Neither party in any negotiations shall have any control over the selection of the negotiating representatives of the other party.

ARTICLE III – GRIEVANCE PROCEDURE

A. Definitions

- 1. A “grievance” is a claim by a teacher or the Association based upon the interpretation, application, or violation of this agreement, policies or administrative decisions affecting the terms and conditions of employment of teachers, but a complaint of a non-tenured teacher which arises by reason of his/her not being reemployed shall not be within the meaning of this section.
- 2. An “aggrieved person” is the person or persons making the claim. All teachers, including the grievant, shall continue under the direction of the Chief School Administrator and administration regardless of the pendency of any grievance, until such grievance is properly determined.
- 3. A “party in interest” is the person or persons making the claim and any person who might be required to take action or against whom action might be taken in order to resolve the claim.

B. Purpose

The purpose of this procedure is to secure, at the lowest possible administrative level, solutions to the problems which may, from time to time, arise affecting the terms and conditions of employment. Both parties agree that these proceedings will be kept as informal and confidential as may be appropriate at any level of the procedure.

- C. Grievances shall be initiated within thirty (30) school days of the happening or thirty (30) school days from the time that the grievant should have known of the occurrence.

D. Procedure

1. Level One -

Any teacher who has a grievance shall initiate it first with his/her principal in an attempt to resolve the matter informally at that level. For members of the Child Study Team the Director of Student Services shall be considered the principal for purposes of this Article. The discussion shall be held within seven (7) school days of notification.

ARTICLE V – WORK YEAR

A. The Chief School Administrator will consult with representatives of the Association before recommending the school calendar for the next school year. Final determination of the school calendar will rest with the Board.

B. The teacher work year shall consist of one hundred eighty-five (185) in-school workdays which may not begin before September 1 or end after June 30, except for the new teacher orientation programs held each year. The remaining two additional days shall be under the control of the Office of Curriculum and Instruction and shall occur consecutively within the last ten days of August. The content specialist must receive at least two (2) months' notice as to the scheduling of these two (2) additional days. All content specialists must work the same two (2) days.

Forty-eight (48) hours, thirty-six (36) hours of which are designated for building use and twelve (12) for staff development, may be scheduled on other days or beyond the seven (7) regularly scheduled daily hours of teachers if said scheduled hours and/or days are mutually agreed to by the individual content specialist and his/her building principal or in the case of staff development hours, by the Office of Curriculum and Instruction.

3. If additional workdays are required beyond those in subsection D.2. hereinabove, they will be requested by the building principal to which the content specialist is assigned, with the approval of the Chief School Administrator, and will be compensated at two hundred seventy five dollars (\$275.00).

F. Year End Grievance

In the event that a grievance is filed at such time that it cannot be processed through all the steps in the grievance procedure by the end of the school year, the procedure shall continue under the stated timeliness throughout the summer. In the event that such a grievance, if left unresolved until after the end of the school year, could result in irreparable harm to the grievant or the Association, the time limits set forth herein shall be reduced so that the grievance procedure may be concluded prior to the end of the school year or as soon thereafter as is practical.

G. Rights of Teachers to Representation

Any grieved person may be represented at all stages of the grievance procedure by himself/herself, or, at his/her option, by a representative selected or approved by the Association. The Association shall have the right to be present and to state its views at all stages of the grievance procedure.

J. Separate Grievance File

The additional work days needed to reach 200 will be scheduled during the summer months by the Assistant Superintendent or his designee, in consultation with the Staff Developer, but shall not exceed fifteen (15) work days during the summer.

ARTICLE VI – TEACHING CONDITIONS

A. Teachers may be expected to devote to their assignments the time necessary to meet their responsibilities but they shall not be required to clock-out by hours or minutes. Unless another reporting procedure is established by the individual building principal, with the exception of the teachers at Kreps Middle School, teachers shall sign in at the main office of the school building at least fifteen (15) minutes before the official arrival time of students at the beginning of the school day and shall remain in the school building at least fifteen (15) minutes after the students have been dismissed. Effective September 2008, teachers assigned to the Kreps Middle School shall sign in at the building ten (10) minutes before the official arrival time for students to accommodate the change in schedule for this specific school. Teachers assigned to the Kreps Middle School will continue to remain in the school building at least ten (10) minutes after the students have been dismissed. The foregoing is not intended to change or restrict the opportunity for each teacher to exercise his/her recognized professional responsibility to assist students after school has been dismissed when such help is needed or requested. On Fridays or on days preceding holidays or vacations, the teachers' day shall end at the close of the pupils' day, except that the dismissal time for those teachers assigned bus duty, or other similar responsibilities, on Fridays and days preceding holidays, shall be the same as for other workdays. On pupil half days devoted to professional development the teacher workday shall end at the same time as their regular full workday.

The administration of each building shall use its best efforts to rotate duties assigned during the time before and after the student day so that teachers are not assigned the same duties in consecutive years. The President of the Association will not be assigned duties.

To accommodate program needs, teachers, on a voluntary basis, may have their work hours or a day or all days adjusted, with the approval of the building principal, to either begin or end earlier or later than the hours stated in Section A above. The flexible hours will be limited to variations within the total number of contracted hours provided in the contract and may not result in more instructional time and/or less planning time for the teacher(s) with flexible schedules than that of similar teachers in that school not on a flexible schedule.

Flexible-hours schedules will be renewed annually to insure the continuation of their voluntary status.

F. Whenever any teacher is required to appear before the Board or committee thereof, concerning any matter which could adversely affect the continuation of that teacher in his/her office, position, or employment, or salary, or any increments pertaining thereto, then he/she shall be given prior written notice of the reasons of such a meeting or interview and shall be entitled to have a representative of his/her choosing present to advise him/her during such a meeting or interview. The written notice shall include a statement of the right to have representation at such meetings.

Any questions or criticism by a supervisor or administrator of a teacher and his/her instructional methodology shall be performed with all due professional courtesy and to the extent practicable, in a location that respects the privacy of both parties.

G. In response to reasonable requests from time to time, the Board of Education agrees to make available, within a reasonable amount of time, at no cost to the Association, all available information concerning the educational program and the financial resources of the district that are a matter of public record.

H. Bulletin Boards

The Association shall have, in each school building, the partial use of a bulletin board in each faculty lounge. The Association shall also be assigned adequate space on the bulletin board in the school building office for Association notices provided copies are presented in advance for posting to the appropriate administrator. All such material will be published on official Association stationery and shall be presumed to be authorized by the Association and dated.

Release Time for Meetings

Whenever a representative of the Association is requested/required, by the Chief School Administrator, to participate during working hours in negotiations and/or grievance proceedings, he/she shall suffer no loss in pay. The President of the Association will be released from non-teaching duties commencing the 2006-2007 school year.

J. The Board and the Association agree to share equally in the cost of reproducing this agreement.

K. The personal life of a teacher shall not affect the teacher's employment except as it may prevent the teacher from performing his/her assigned functions.

L. Dependent children of teachers will be permitted to attend school in the East Windsor Regional School District at one-half the tuition rate established by the Board of Education for non-resident students. Teachers who wish to avail themselves of this benefit shall be required to enroll the child in the district according to district policy covering out-of-district enrollments.

H. 9-12 high school teachers who attend High School Graduation or Senior Awards Night, or Scholastic Awards Night or Junior Prom or Senior Prom shall be permitted to leave at the early dismissal time for students on the day of graduation or awards program.

I. 6-8 teachers who attend eighth grade promotion exercises or Scholastic Awards night will be given early dismissal compensatory time on either the last student day of the school year or the last teacher day of the school year.

J. Elementary school teachers who participate in DARE Graduation shall be given two (2) hours of compensatory time if it is held after the end of the school day.

K. Full time elementary teachers shall have 260 minutes of duty – free preparation time during the course of a regular, five day work week.

L. High School teachers may be asked to volunteer to teach a 6th class and middle school teachers may be asked to volunteer to work a 5th class or an additional period of up to sixty (60) minutes more than what is scheduled in that school year for teachers in their subject area. For the purpose of this article a class refers to a roster or 2 “lab rosters of students if scheduled every other day” and “teaching assignment” refers to the number of classes for which a teacher is assigned responsibility. It does not refer to the number of teaching periods scheduled on any day.

The Administration shall notify the Association in writing of its request for volunteers. The Administration will first offer the additional class to existing part-time teachers.

A volunteer who is selected for such a teaching assignment shall be:

1) paid \$4,000 for a full year, or a prorated amount for a shorter period, and the payment shall be included in the member's base salary for pension purposes for that year; with the exclusion of the Kreps Middle School teachers who will paid an additional \$6000 for a full year, or a prorated amount for a shorter period and the payment shall be included in the member's base salary for pension purposes for that year.

3) teachers shall not be assigned in the following year without their consent.

4) No more than four (4) teachers may be voluntarily assigned from one (1) department or from one (1) specific science certificated area in the high school.

In the event that there are more volunteers than available teaching assignments, the selection of teachers shall be in the sole discretion of the Administration.

This provision shall not apply to teachers of Instrumental Music.

2. If additional work days are required, they will be requested to the Chief School Administrator by the principal of the building to which the program coordinator is assigned. If the Chief School Administrator approves, the workdays will be compensated at two hundred seventy five dollars (\$275.00).

E. Athletic Trainer

The work year for Athletic Trainer shall be August 15 through June 15. The work schedule will be the equivalent of a 35-hour week with the actual schedule determined by the Athletic Director based on the athletic schedule and the needs of the athletes.

1. Mentor teachers and provisional teachers are included under the title Classroom Teachers in the Recognition clause of the agreement between the Board and the Association.
2. Mentor teachers will be appointed by the principal from a list of volunteers from within the building in which they will mentor.
 1. In general, mentor teachers shall not be required to mentor more than one (1) teacher at a time. In some cases it may be necessary and/or desirable to have a mentor teacher assigned to mentor two (2) provisional teachers. Such an assignment shall be voluntary. In the event a mentor teacher voluntarily accepts assignments to two (2) provisional teachers, he/she shall receive the stipend provided under number 6 of this agreement for each provisional teacher he/she is assigned to mentor.
4. Mentor teachers shall not be required to assess or evaluate the provisional teacher or contribute in any way to the evaluation process.
5. All vacancies for mentoring positions shall be posted as early as the district is aware of its needs. The administration will elicit from among the entire regular teaching staff a list of volunteers for the mentoring program. Prior to making the request for volunteers, teachers will be informed, in writing, of the required qualifications and responsibilities of the mentor teacher in the mentoring program. No employee shall be assigned to serve involuntarily as a mentor if there are volunteers available. If it becomes necessary to involuntarily assign an employee to a mentoring position, said employee shall not again be involuntarily assigned until all other employees have been assigned.
6. In addition to their regular salary and other stipends to which they may be entitled, mentor teachers shall be paid an annual stipend by the novice teacher which is equal to the state recommended mentor teacher stipend. If the State underwrites the cost, duplicate funding will not be required of the novice teacher.

Such approved courses "for credit" will earn graduate credit for salary guide purposes at the rate of one (1) graduate credit per twelve (12) class hours. Courses not designated as "for credit" will not earn credit for salary guide purposes.

2. Teachers enrolled in "for credit" courses offered by the district and who elect to have the credits applied to the salary guide will not receive financial remuneration for their attendance at the course(s).

For movement on salary guide, no more than twelve (12) in-district credits may be applied toward the movement from any salary level to the next.

3. If documentation is received during the semester immediately following the semester in which the additional credit was earned, the salary adjustment will be retroactive to the beginning of that semester (September 1 and February 1). Courses taken during the summer must be documented by January 31 for a retroactive September 1 salary adjustment.

4. Requests received after the one semester cutoff will result in a salary adjustment beginning with the semester following the request. Retroactive payment will not be given.

5. Salary adjustment for a Master's degree or Doctor's degree will be effective the date the degree is conferred if the documentation is received during the semester immediately following the conferral. Requests received after the one-semester cutoff will result in a salary adjustment beginning with the semester following the request.

6. Courses required for completion of a Masters Degree are not applicable for additional horizontal movement on the salary guide after placement at the MA level.
